Gentlemen:

I am writing regarding Docket #98N-1038, Irradiation in the production, processing, and handling of food.

I oppose changing labeling requirements for irradiated food. I want a prominent display of the term "Irradiated" or "Irradiation" and the use of the Radura Symbol to continue to be required for all irradiated food.

All comments on this Docket should be posted on the Internet, which the FDA is not currently doing.

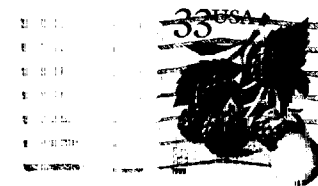

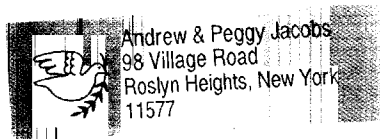

Sincerely,

Peggy Jacobs
